Maria do Ceu Lopes de Sousa
Ferreira, Portugal
Paolo Emilio Roccato, Italia
Rama Dasu Pittala, India
Sanjay Yadav, India
Shiv Kumar Jaiswal, India
Yao Hejun, China
Zhao Yongtao, China

Conference topics

- Management systems and Quality in the TIC sector (Testing, Inspection & Certification).
- Regulatory framework for quality, safety and security of products and services (agri-food; environment; health; cybersecurity; communication; construction; IoT; AI; among others).
- Accreditation of conformity assessment bodies.
- Innovation and validation of methods in testing, calibration, inspection and certification.
- Sampling activities related to measurement in the TIC Sector.
- Metrological traceability, measurement uncertainty and conformity assessment in TIC Sector.
- Proficiency testing schemes, inter-laboratory, intra-laboratory comparisons and other methods of quality assurance.
- Certification of reference materials and their use in laboratories.
- Certification of products, processes, management systems and persons.
- Management of information using LIMS concept.
- Promotion of co-operation with other international associations and with IMEKO TC's.

Submission

Authors are kindly invited to submit full-papers (4-6 pages) in the appointed scientific topics. The paper should report original research and results of theoretical or applied nature and should explain the significance of the contribution to the research field. The manuscripts must be written in English according to the guidelines provided on the IMEKO TC11 website:

<https://www.imekotc11-2022.com>

Accepted and presented full-papers will be submitted for inclusion in **Scopus** after the event.

Important dates

31st March 2022

Abstract submission

15th June 2022

Full-paper submission

15th July 2022

Notification to authors of final decision and required corrections

General enquiries: info@imekotc11-2022.com

SPECIAL ISSUES IN 'MEASUREMENT: SENSORS' (ELSEVIER) AND 'ACTA IMEKO'

After the Conference, selected authors will have the opportunity to submit an extended version of their papers to 'Measurement: Sensors' (Elsevier) or to 'Acta IMEKO'. Elsevier will offer a 100% APC waiver for all papers accepted in the Special Issue in 'Measurement: Sensors'. All extended papers submitted to the two journals will undergo the peer-review process.
